The Impact of Artificial Intelligence on
Social Relationships and Culture
Thursday, Feb 26th at 7pm
Community Room

In our age of Artificial Intelligence, Lincoln Guild resident Julie Wosk will speak about the social and cultural impact of AI.

Today's AI—including artificial companions, sex robots, AI caregivers—are having a dramatic impact on social relationships, and our ideas about what makes us human. AI has also captured the imagination of today's artists, writers, and filmmakers.

Julie Wosk is a professor emerita and the author of several books including *Artificial Women: Sex Robots, Robot Caregivers, and More Facsimile Females*, and *Women and the Machine: Representations From the Spinning Wheel to the Electronic Age*. See the Wikipedia page for more information.
